

## **DIABETES MELLITUS INTERAGENCY COORDINATING COMMITTEE (DMICC)**

### **AGENDA** **“Measurement Science and Glycemic Control”**

**June 23, 2017, 8:30 am to 4:00 pm**  
**6707 Democracy Blvd, Bethesda, MD, 2 Democracy, Rm 7050**

Opening Remarks –

Judith Fradkin, MD (Director, Division of Diabetes, Endocrinology, and Metabolic Diseases, NIDDK, NIH)

Introduction – Measurement Science and Glycemic Control and the National Action Plan for Adverse Drug Event Prevention

Clydette Powell, MD, MPH, FAAP (Director, Division of Health Care Quality, Office of Disease Prevention and Health Promotion, HHS)

Session 1: Overview of Performance Measures for Glycemic Control (30 min including questions for each speaker and 30 min general discussion)

- a. NCQA performance measures-Bill Herman, MD, MPH (NCQA chair of diabetes measures)
- b. NQF performance measures-James Rosenzweig, MD (NQF co-chair)
- c. CMS Merit-Based Incentive Payment System-Reena Duseja, MD (Director, Division of Quality Measurement Quality Measurement and Value-Based Incentives Group)

Session 2: Perspectives on the Strengths and Limitations of Hemoglobin A1c as a Performance Measure (15 min each including questions and general discussion)

- a. NGSP Progress with HbA1c -Randie Little, PhD (University of Missouri School of Medicine)
- b. Advantages and Limitations of HbA1c-David Sacks, MB ChB, FRCPath (NIH)
- c. Effects of Race on HbA1c: Implications for Performance Measurement-Bill Herman, MD, MPH (University of Michigan School of Public Health)

Break for Lunch: 11:30 am to 1 pm

Session 3: Future Directions (20 min each including questions and general discussion)

- a. Patient Centered Measures-David Marrero, PhD (The University of Arizona Health Sciences)
- b. Diabetes Performance Measures: Lessons from the VA-Jeremy Sussman, MD, MS (VA)
- c. Measurement of Hypoglycemia-Elizabeth Seaquist, MD (University of Minnesota)
- d. Incorporating Risk Factors for Hypoglycemic Events into Performance/Medication Safety Measures-Leonard Pogach, MD, MBA (VA)

Session 4: Using Measurement Science to Improve Diabetes Care---General Discussion of Identify Research and Public Health Approaches (1 hr)

Closing Remarks - Judith Fradkin, MD (NIDDK)
