

# Day One Salient Points:

- Highlighted real-world successes and ongoing challenges in data collection, integration, and interoperability—including the use of wearable devices and the implementation of standards
- Explored data and metadata standards across NIDDK-specific disease areas—identifying both advances and gaps in harmonizing data for research and care
- Facilitated cross-cutting discussions among experts from academia, industry, and regulatory bodies —identifying opportunities for collaboration, addressing persistent challenges, and prioritizing next steps in developing and adopting data standards

# Day Two Preview: Leveraging Traditional and Technological Approaches to Move the Data and Metadata Standards Field Forward

- 10:15 a.m. Keynote: Mr. Avinash Shanbhag, M.S., OS/ASTP,
- 11:00 a.m. Moderated Session: Traditional Resources
- 12:00 p.m. Presentations: Hybrid Approach
- 1:30 p.m. Moderated Session: Multidisciplinary Approach
- 2:30 p.m. Moderated Session: Role of Government Agencies
- 3:15 p.m. Bringing it all together-

# Addressing Gaps, Challenges, and Opportunities Related to Data and Metadata Standards for NIDDK Research Priorities

Virtual • June 3–4, 2025

National Institute of  
Diabetes and Digestive  
and Kidney Diseases

# THANKS

**We'll see you tomorrow at 10:00 a.m. EDT**

**Addressing Gaps, Challenges, and Opportunities  
Related to Data and Metadata Standards  
for NIDDK Research Priorities**

**Virtual • June 3–4, 2025**

National Institute of  
Diabetes and Digestive  
and Kidney Diseases

# THANKS

**THE MEETING HAS ENDED**
